OPUS CHANDELIER

Chrome

Five Opus pendants flow down from the pillar canopy to become a chandelier. The looks and the size of the bulb will give this luminaire its special appearance. You can also attach each cord with a hook in the ceiling. Place the hooks in a circle around the canopy to create a larger, spider-like chandelier. Match it with your favorite light sources.

The Opus chandelier comes in one cord color per set and can be order in all 50 of the NUD colors.

MOON PENDANT

Clear and Space in three sizes

The MOON series consists of pendants in three different sizes and two finishes. Together they enhance the ability to create dynamic and beautiful clusters of light. The pendant has a round outer glass and a unique frosted inner pillar centered in the globe. When lit, the pillar illuminates and spreads a soft, ambient glow. These delicate pendants can be hung both individually or in a cluster to create beautiful spaces.

Moon is available in two colors; Clear (transparent glass) and Space (reflective, semi-black glass). The LED E14 light source is included with the pendant.

TUBE SERIES

Aqua, Foil, Rail and Cane

The Tube family started out with the pendant Aqua in copper material. Aqua soon became one of the bestsellers. The series was soon extended with three additional materials.

Foil is produced in aluminum. A metallic element that fits into any interior. The brushed surface gives the lamp holder a raw and industrial look.

Rail is made of brushed brass with a timeless and classic touch. This pendant adds warmth to your décor, and can easily be combined with the other lamp holders.

Cane is a trendy wooden lamp holder made of real oak. This is a lightweight, resilient and eco friendly tube with style.

OPUS PENDANT

Oxidant, Chrome and Black

A sleek well known shape with an elegant line at the bottom of the lamp holder. The design is timeless.

The Oxidant pendant adds a new raw surface to the collection. It's all about the rustic effect, with the beautifully oxidized copper.

The Opus holders comes in two more colors, a dark chrome shade and a jet black version. The clean shape and colors allows the light bulb and the textile cable to be in focus.
